F.A.Q.- Q: What would be the ideal setup for a game show like you mentioned above? A: Most gaming houses are designed for one event. Some house may have multiple shows that are hosted one day. The best time of day depends on schedule and where you are in North America and Europe. Q: What was the biggest hurdle you had to deal with to get here? A: The biggest hurdle I had to deal with? The main thing is that they don't like to show the videos in HD, which is why the VHS and Blu-Ray movies are made available. The only way to get the VHS and Blu-Ray movies is through a subscription service they buy from video distributors. I can't afford this anymore because it is too much hassle. Q: What can I do to help make sure that the people from the gaming world at home won't be able to afford to pay? A: You can donate to our donation page here:

A: Game shows in the USA are not as common as they are in Europe and Asia due to the price difference we have. I know you have many questions, feel free to leave one above in the comment section..
